

Kings Brighton

The new
independent
college

Welcome to Kings Brighton

The Kings Brighton Difference

1. Student-centred ethos

- Highly personalised approach to learning and pastoral development
- Friendly and empowering college community – on a human scale

2. Exceptionally small classes and personalised attention

- Just 4 - 10 in a class at GCSE and A-level
- Maximum contact time with subject specialists

3. Outstanding exam results

- 2016 A-level results 33% above the national average

4. Leading university destinations

- Extensive and individually tailored support for university degree selection and application
- Full UCAS guidance
- Specialist preparation for additional university assessments
- Making the most of your talents and achievements whatever your ambitions; Oxbridge, Medicine, Law, Art and Design
- Work experience and research opportunities including Apple and Barclays Eagle Labs

5. Global Perspective and Opportunities

- Develop a global outlook for your future
- Assess opportunities for further study in the UK or overseas
- Share ideas and concepts with students from across the globe

Message from the Principal

“Welcome to Kings Brighton.

Here, you'll find a warm, friendly and diverse community in which everyone belongs.

Our brand new college will offer you a first-rate learning environment, and our experienced team of staff will ensure that you are happy, supported and successful in your studies.

We look forward to helping you reach your educational goals and expand your horizons as you become part of a global learning community in your local city.”

Nigel Addison
Principal, Kings Brighton

Your future starts **here**

You are about to embark on the most exciting phase of your life so far.

Right now, you have the choice to go anywhere, do anything, be anyone you want to be.

As you move to the next stage of your education, it's time to take control of your future. Take the *right path*.

The one which fits who you are and who you want to be.

Take your own path

Kings Brighton is a new kind of independent college.
A springboard to a new, globally connected future.

We are not a traditional school. We offer an education built for the modern global world which fits entirely around you. We'll respect you as an individual and will work with you to build on your strengths and interests, identify and explore the opportunities available to you, map out and prepare for your ideal future.

We'll work with you as a responsible and independent young adult because that's who you are. But we'll be here with you to support and guide you every step of the way.

You.
Improved.

The Kings philosophy has always been student-centred.

We evaluate your unique strengths and interests and support you to maximise your full potential.

We work with you to design a learning plan that meets your personal needs and objectives, rather than expecting you to be bound by a single pre-determined approach.

We understand that your aim is to gain entry to a leading university. We will help you to identify the most appropriate degrees and universities to match your individual interests, learning style and character. We guide you to build the strongest possible university application and win your place at the very best university for you.

We'll encourage you to aim higher than you thought possible – and then to achieve your ambition.

Personalised learning experience

- One-to-one and small group tutorials
- Lectures, workshops and presentations
- Setting targets and learning plans
- Revision clinics

Regular personal assessment

- Regular meetings with your Course Director
- Regular tests and assessments
- Detailed feedback from your teachers
- Written assignments
- Regular examination practice
- Formal report twice per term
- One-to-one university counselling

Monitoring your own progress

- Expert guidance on how to monitor your own learning process
- Support to ensure you take personal responsibility for your own study and achievements

Interactive learning technology

- Interactive whiteboards with lessons stored and available via the student portal
- Free wireless internet
- Access to E-learning Centre

YOUR FUTURE
STARTS HERE

An individual approach

Our personal approach extends to every aspect of your education.

We understand that to get the most from your studies, you need to feel secure, supported and empowered.

Our dedicated care and support teams will ensure your personal well-being as well as your academic success.

So you'll leave us happy, fulfilled and thoroughly prepared for the next chapter of your life.

The world of tomorrow will be ever more internationally orientated. The internet and social media have revolutionised the nature of communication and international travel is increasingly accessible.

Citizens of the future will need to communicate on a global scale with technology providing the tools required to facilitate interactions. Cultural awareness, empathy and emotional intelligence will all be important skills for global citizens to nurture.

At Kings, you will make friends with fellow students from all around the world. Right here in Brighton.

You may wish to explore the opportunities for further study or work experience around the world at other Kings college locations.

NEXT STEP:
UNIVERSITY

Kings Brighton is a unique independent college in
a unique city.

We are part of a global education group which has
pioneered an international approach to education
for 60 years.

Wherever we teach we retain a student-centred
ethos, which means we treat every student as if
they were our only student.

Experienced leadership team

Meet some of the team:

Nigel Addison,
Principal

- BSc Chemistry and Physics (London)
- PGCE (Cambridge)

Nigel has over 20 years' experience as a Principal of independent sixth-form colleges, having held the position at leading colleges in Cambridge and Brighton.

Ed Seddon,
Academic Development Director

As Academic Development Director, Ed is responsible for the quality of our course provision. His career in sixth-form education spans 15 years.

While Kings Brighton is a brand-new college, our academic and pastoral leadership team is formed of highly experienced professionals.

Between them, they have well over 100 years' experience of providing academic and personal support to young people at the most important time of their lives.

60 years of global success

Kings has been at the forefront of educational success since 1957, when the first college was opened in Bournemouth.

Today, we teach thousands of students across our 10 worldwide campus locations. They come to us each year from over 80 countries.

Sara Foster,
College Services Manager

Sara has worked in the international boarding schools sector for over 25 years. In her role at Kings Brighton she is responsible for the residence, student services, catering, buildings and maintenance, as well as all aspects of student pastoral care and safeguarding.

Victor Garcia,
Student Services Manager

Victor has many years experience within the education sector. In his role at Kings Brighton he oversees aspects such as the front desk service to students.

Credentials you can trust

Every Kings college in the UK is registered with the Department for Education and inspected by Ofsted.

Our Ofsted inspections are available to view and download at [kingseducation.com/ofsted](https://www.kingseducation.com/ofsted)

“ The quality of the provision for students’ welfare, health and safety meets all the required standards and is outstanding. Comprehensive induction and pastoral procedures ensure that [students] receive excellent preparation and support for their studies. ”

Extract from most recent Ofsted Inspection Report
of Kings London (November 2013)

“ The leadership of the academic programmes throughout the school is a significant strength of the school. Good communication between staff and careful tracking of pupils’ and students’ achievements ensures that most participants on academic courses make good progress. There is effective external moderation with other schools to ensure consistency and to share best practice. ”

Extract from most recent Ofsted Inspection Report
of Kings Bournemouth (December 2016)

“The school’s work to promote students’ personal development and welfare is good. Students are confident and self-assured learners. They know they are valued and known as individuals. They take their responsibilities for managing themselves very seriously. As a result, in lessons and around school, students moderate their own behaviour, use self-control and show an awareness of the needs of others. The school is a calm and purposeful learning environment.”

Extract from most recent Ofsted Inspection Report
of Kings Oxford (May 2016)

“Students achieve well. Almost all academic students successfully secure a place at their first-choice university.”

Extract from most recent Ofsted Inspection Report
of Kings Oxford (May 2016)

“Consistently good features of the teaching are the quality of lesson planning and the preparation of teaching materials, particularly for use with interactive whiteboards, which enable the brisk pace of lessons to be maintained.”

Extract from the most recent Ofsted Inspection Report
of Kings London (November 2013)

A-levels at Kings

A-levels at Kings are defined by a highly intensive, highly personalised structure to ensure effective and efficient learning.

Ultra small classes combine with a supportive, friendly college environment to ensure individual progress is maximised.

Key facts

Start dates: 11 September 2017;
8 January 2018

Minimum age: 16

Length:

Standard: 2 Academic years (6 terms)

Accelerated: 1 Academic year (3 terms),
September start only

Lessons: Average 20 – 25 hours per
week (plus homework and private study)

Class size range: 4 – 10

Tuition fees:

Standard: £12,900 per year

Accelerated (1 year):

1 A-level subject: £5,300 per year

2 A-Level subjects: £10,600 per year

3 A-Level subjects: £12,900 per year

One year fast track or two year A-level

We offer both the traditional two-year A-level with September and January start dates and an accelerated, intensive one-year option, subject to availability.

4 – 10 per class

All A-levels are taught in very small classes of just 4 – 10 students to maximise teacher contact and interaction time with students.

Oxbridge and Medical School Preparation

The world-renowned universities of Oxford and Cambridge are exceptionally competitive. Gaining a place requires equally exceptional credentials.

Several of our staff are Oxbridge alumni and therefore have personal experience of the entry process and entry requirements.

Maximum options

The selection of A-levels is a key issue for our students. Our aim is to provide a range of subjects which offer our students the maximum flexibility for progression to leading universities and degrees. Our academic and UCAS teams liaise closely with admissions tutors to ensure we have a detailed understanding of university entrance requirements and preferred subjects. Our provision is informed by these discussions and has the facilitating subjects, as defined by the Russell Group, at its core.

A-level reforms have added a new dimension to A-level decision making. Individual learning plans are discussed and agreed with every student, including consideration over the number of subjects taken and the value of sitting AS exams in the first year. Each student's progress is carefully monitored throughout their time at Kings.

High achievers

We are proud of the A-level results achieved by our students and celebrate each success with them. Every year many of our students go onto the very best universities in the country, including Oxford and Cambridge.

“The flexibility is what I really like about this college. Also the small class size is quite important.”

Artur completed A-levels with Kings, achieving A* in Maths, A* Further Maths, A in Economics and A in Computing

A-level subjects

Our core curriculum is based around the 'facilitating subjects' as described by the Russell Group, to provide the greatest range of progression to degree. The following subjects are typically taught.

We are also able to offer additional subjects, depending on demand and availability. Please contact us to discuss your specific interests.

A-level Art and Design

These courses will develop your intellectual, imaginative, creative and reflective skills. You'll also develop investigative, analytical, experimental, practical, technical, and expressive skills, an aesthetic understanding and critical judgement. You'll gain an understanding of the inter-relationships between art, craft and design, and an awareness of the contexts in which they operate as well as knowledge and understanding of art, craft and design in contemporary society and in other times and cultures.

Kings offers different endorsements, for example Art, Craft and Design, Fine Art, and 3D Design.

Note: A-level Art and Design is not suitable for beginners in the subject. The course presupposes a student has GCSE Art and Design or equivalent.

A-level Biology

Biology is probably the most accessible of the three sciences, as it can be related naturally to all aspects of life. You study carefully, and in detail, how life in the world works: how our bodies work; how diseases stop them working; how plants grow; how life may be threatened by poisonous substances; how ecosystems work; where energy comes from and how organisms use it; how genes and evolution affect us all.

A-level Chemistry

Chemistry is the study of all chemical substances and how they can change. You'll learn to understand these and see in new ways the things that make up the world; your food, fuels and fabrics, building materials and manufactured goods, the air you breathe, the tools you use. You'll study atoms and reactions, bonding and structure, hydrocarbons, polymers and alcohols, energetics and transition elements. You'll use Mathematics to describe and understand chemical ideas. You'll devise and carry out practical experiments to test the principles you are learning.

A-level Chinese

This course aims to develop your ability to communicate confidently and effectively in Chinese. You will examine the language in a broader context including the culture and society of Chinese-speaking countries.

**A-level Economics**

The course develops an understanding of economic concepts and theories through a critical consideration of current economic issues, problems and institutions that affect everyday life. It also teaches you to apply economic concepts and theories in a range of contexts and to appreciate their value and limitations in explaining real-world phenomena. You will analyse, explain and evaluate the strengths and weaknesses of the market economy and the role of government within it.

**A-level Government and Politics**

The course develops a critical awareness of the nature of politics and the relationship between political ideas, institutions and processes. You will acquire knowledge and understanding of the structures of authority and power within the political system of the UK and of other countries. You will also develop knowledge of the characteristics of the legislature, the executive and the judiciary, of the rights and responsibilities of the individual, and of ideologies, theories and traditions.

**A-level History**

The course develops your use and understanding of historical terms, concepts and skills. The periods studied develop your interest in, and understanding of, important developments allowing you to understand the wider perspective of change and developments over a substantial length of time. You will study significant individuals, societies, events and issues, analysing different historical perspectives, for example aesthetic, cultural, economic, ethnic, political, religious, scientific, social and technological.

**A-level Maths / Further Maths**

The course will develop your understanding of mathematics and mathematical processes and your ability to reason logically and to recognise incorrect reasoning. You will construct mathematical proofs and extend your range of mathematical skills and techniques for use in more difficult unstructured problems. You'll also develop an understanding of coherence and progression in mathematics and of how different areas of mathematics can be connected.

**A-level Modern Languages**

You will follow a course of study in one or more modern language, depending on availability. Languages may include French, German, Spanish or Portuguese.

**A-level Physics**

The course will develop your essential knowledge and understanding in physics and, where appropriate, the applications of physics in new and changing situations. You'll develop an understanding of the link between theory and experiment, and will appreciate how physics is used in present day society. You will recognise the quantitative nature of physics and understand how mathematical expressions relate to physical principles.

GCSEs at Kings

GCSEs at Kings offer highly personalised learning and very small classes to ensure maximum student-teacher interaction.

At Kings Brighton we offer an accelerated one-year GCSE programme with subjects that include Mathematics, English, Biology, Chemistry, Physics, IT, and Geography.

Key facts

Start dates: 11 September 2017

Entry level: Minimum age 15

Completed 9 years of schooling with good results

Length: 3 terms

Lessons: 40 – 42 lessons per week.

Class size: 4 – 10

Tuition fees: £12,900 per year

Learning outcomes:

- Gain subject knowledge in preparation for A-levels
- Develop study skills required at Sixth Form level

Course structure

Main academic subjects:

- Mathematics: 6 lessons per week
- English: 6 – 8 lessons per week
- Study Skills: 2 lessons per week
- Science: 8 – 9 lessons per week
- ICT: 4 – 6 lessons per week
- Geography: 6 lessons per week

Enrichment programme subjects:

- PSHE and Citizenship: 2 lessons per week
- Physical Education: 2 lessons per week
- Creative Arts: 2 lessons per week

Sample enrichment activities

- Productions of Shakespeare plays
- Annual three-day learning and cultural excursion
- Duke of Edinburgh
- Science Club
- Trinity Arts Award
- Debating Society
- Performing Arts Society
- Astronomy Club
- UK Maths Challenge
- Paper Craft Club
- Photography Society
- Current Affairs and News Club

Mentoring for under 16s

Includes:

- Full supervision during college hours Monday – Friday
- Welfare Counsellors
- Half-termly reports
- Separate Student and Parents' Portals
- Regular contact with parents on request

“ [In my old school] I had a class with about 30 people. Here, the teachers have a focus on you so can help you much more easily. There are usually about 6 of us in a class. One of the best things is that it's an international school so you can meet people from different cultures and you can learn a lot about them. ”

Sara is studying GCSEs at Kings

Easter Revision

The Easter Revision Programme at Kings Brighton is designed for A-level or GCSE students who require a thorough revision of their subject(s) before the crucial examinations in May/June.

Kings' experienced teachers will cover the core syllabus of all examination boards, help individual students understand topics they might be struggling with, and improve students' ability in answering all types of exam questions through extensive use of past papers.

Key facts

Start dates: 26 March (Monday),
3 April (Tuesday) 2018

Entry level: Current study of A-level or
GCSE leading to the exams in May/June

Length:
1 – 2 weeks (4 days per week)
A-level: 4 full days per week;
GCSE: 4 half days per week

Lessons:
A-level: 28 hours per week;
GCSE: 14 hours per week

Tuition fees:
1 A-level (4 full days) £850

1 GCSE (4 half days) £425
2 GCSEs (4 full days) £850

Learning outcomes:

- A better understanding of the core syllabus
- A better exam technique
- Greater confidence for the upcoming exams in May/June

A-level revision

Subjects offered

- Mathematics
- Biology
- Chemistry
- Physics
- Economics
- Other subjects on application

Course structure

- Length: 1 – 2 weeks, 4 days per week
- 28 hours tuition per subject per week
- Students will typically study one subject during the week

Overview timetable

9.30 – 13.00	Lessons
13.00 – 14.00	Lunch
14.00 – 17.30	Lessons

GCSE revision

Subjects offered

- Mathematics
- Biology
- Chemistry
- Physics
- Other subjects on application

Course structure

- Length: 1 – 2 weeks, 4 half days per week
- 14 hours tuition per subject per week
- Students can study up to two subjects during the week

Overview timetable

9.30 – 13.00	Lessons*
13.00 – 14.00	Lunch
14.00 – 17.30	Lessons*

*Morning and/or afternoon sessions available

Total learning

Acceptance to the most selective universities requires more than just good grades. As a consequence of A-level reforms, universities need to use a basket of measures to assess applications.

You will need to demonstrate your understanding of the demands, skills and attributes required for the successful completion of your chosen degree programme. This should be evidenced through a broad and relevant range of interests and experience.

Successful students are those who make the most of their opportunities, inside and outside the classroom, and at Kings we ensure that there is plenty on offer.

united world schools

A Different School of Thought

At Kings, we are proud to partner with **United World Schools** – a charity that builds and sustains new schools in some of the world's most disadvantaged regions.

We have committed to support the work of UWS by funding the building and resourcing of at least one new school each year, which we do through student and staff fundraising.

Next step: university

The background of the entire page is a photograph of a university building. On the right, there is a large, ornate stone tower with multiple levels of arched windows and a clock face. To the left of the tower is a lower, more modern-looking building with several windows. In the foreground, a person is walking from left to right, their figure is blurred, suggesting motion. The ground is a mix of grass and a paved path.

Kings students have recently won places at all of the UK's top 30 ranked universities and progressed to degrees in a broad range of subjects.

The universities recognise that Kings students have been expertly prepared.

Your path to university

At Kings, our students consistently win places at the UK's top universities.

We encourage and enable each student to be the best they can be, and to set their ambitions as high as possible. Whether you are aiming for a top ten university, or a university which is recognised as a leader in your intended field of study, we'll help you get there.

“Kings really helped at all stages of the application – from the personal statement to what to choose. I got an offer from another university, but my academic director told me that that I could aim higher. They're also really responsible though and are realistic about your choices.”

Laetitia is now studying for a degree in Politics and International Relations at the University of Bath (#12)

- Introduction to your university options and UCAS registration

Week 2 onwards

- Regular counselling sessions from your personal UCAS Adviser, including support in drafting your personal statement

Week 3 onwards

- Practical first-hand information about your university options
- Subject specific workshops, university guest lectures, fairs, meetings and visits
- Guidance through the application process and ensuring deadlines are met
- Support after your UCAS submission and assisting with university admissions tutor communication

Our support is tailored to your individual needs and achievement of the best outcomes. We like to remain in contact with you through our alumni network.
